IMPROVED RAILWAY SERVICE IS PROSPECT

Electric Lines for Peninsula is Apparent Ultimate Object of Southern Pacific.

The fact that the committee of the San Mateo County Development Association assented to a 60-day postponement of its case before the Public Service commission indicates that plans are under consideration for giving to the peninsula far better service than it has hitherto enjoyed, says the San Francisco Chronicle editorially:

Before assenting to the postponement for 60 days the committee insisted on having some definite statement of what was intended. This was given in confidence and was evidently of a character satisfactory to the committe.

Obviously no mere intended reduction of fares could be reason for postponement, for that matter could be settled at one time as well as another.

Obviously that which might justify delay was a proposition to install an up-to-date electric service down the peninsula of which the details were not complete or for which financial authority has not yet been given.

The public therefore concludes that work upon a comprehensive scheme of peninsula service is expected to begin, and as it reasons that if the Southern Pacific Company undertakes the work at all it cannot afford to do it except in the most thorough manner, there is a belief that the real development of the peninsula is now to begin.

Of course, there must be a readjustment of fares, so as to put them on an equality with the low rates of the transbay service. And as, if the Southern Pacific Company puts on electric trains, it will desire to have them filled, there ought to be no controversy over that.

The natural development of a suburban electric service is as an adjunct to the city street-car service. Under such an arrangement not only can the cheapest possible service be given, but through transfers the commuting service can be extended to and from all parts of the city.

From that our objections to monopoly have debarred us. We shall never, apparently, have so cheap or so convenient a peninsular service as we should have had had our street-car lines retained their close affiliation with the Southern Pacific Company and been extended to form a complete monopoly within the city.

But it is possible for the Southern Pacific Company to give a better service to the south than can now be obtained from any other source, and if it is proposed to go resolutely about it it can be made very satisfactory.

FRESNO R. R. PROMOTERS DESIRE LOCAL FRANCHISE.

The promoters of the Fresno, Coalinga and Tidewater Railroad have made overtures to Judge Edw. F. Fizpatrick of Redwood City, to take over his franchise for railroad construction through the streets of Redwood City, and thence on to Woodside.

A survey of the route has been made. The proposition is attracting additional attention since the suggestion of the extension of the peninsula electric line from San Mateo south, has assumed definite form.

The development of the water front property at RedwoodCity, gives assurance of the necessity for early operation of the municipal railroad. The projectors of the Fresno Company appreciate the advantages that will attach to their company by the acquisition of the local railroad franchise.

PARCELS POST MAY BRING SOME NOISY PACKAGES.

The news comes from Washington announcing the use to which the mails may be legally put as soon as the latest congressional act shall go into effect.

It is interpreted that urban users of the parcels post system, to be in operation at close of the year, are likely to get a very noisy mail, as then it will be lawful to send live chickens, rabbits and other farm and country products by Uncle Sam's mail.

This is no evanescent dream, but is a fact as told in the stilted phrases of the law in such cases made and provided, the idea being to reduce the cost of living by putting the producer in direct communication with the consumer. General farm and garden produce come under the law. The government will not only carry these things, but an indemnity will be provided for their loss or damage in transit. A C. O. D. system will be inaugurated, which will be a great convenience to farmers and merchants.

Miss Jessie Smith, who graduated with this year's class at Sequoia highschool, has become a student at Stanford University. Miss Luella Behrens, who has studied at the University of the Pacific during the past year, has joined the ranks of Stanford students.

The many friends of Mrs. C. C. Christensen will regret to learn that she has been seriously ill.

THE THREE BRITTAN GIRLS WILL ADMINISTER ESTATE

A $1,000,000 estate managed by three society women, and possibly a fourth, all of whom will have equal power to act, ought to make an interesting study for financiers and probate lawyers. Anyone interested in the success of such a plan will only have to watch the estate of Colonel Nathaniel J. Brittan which will soon be placed in the hands of his three daughters for administration. The attorneys for the three heirs Thursday asked for a continuance of the case in the Superior Court for two weeks, when, according to Edw. F. Fitzpatrick, attorney for the estate, the court will be asked to appoint the three daughters and their aunt as executrices.

By his holographic will, executed some three years ago Mr. Brittan divided his property equally among his three daughters, Miss Belle Brittan, a San Francisco society belle, Mrs. F. E. Kendell of San Carlos and Mrs. Natalie Theodora Hewson of Los Angeles. The three young ladies were named as executrices with their aunt, Mary Burt Brittan, who is now on her way home from Europe.

Each of the daughters applied for letters testamentary under the will and the matter was postponed awaiting the arrival from Europe of Miss Mary Burt Brittan when it is quite probable that the four ladies will be appointed.

The responsibilities that will fall on the four executrices will be by no means light as Colonel Brittan's estate consists of vast realty holdings in San Francisco, San Mateo and Alameda counties. He also had business interests in San Francisco and considerable personal property. According to the attorneys, after all indebtedness has been cleared the estate will be worth more than $1,000,000.

Merry Huckleberry Pickers

At the invitation of James E. Van Court, a score of his friends enjoyed a huckleberry picnic on Saturday. A delightful morning drive into the hills was followed by several hours gathering berries, after which a fine lunch was served. The afternoon was given to amusement and the party returned to town late in the evening.

NEW REGULATION BARS SUNDAY MAIL DELIVERY.

The Redwood City postoffice will be closed on Sunday after the 15th instant. The postoffice appropriation act for the fiscal year provides "that hereafter postoffices of the first and second classes shall not be opened on Sundays for the purpose of delivering mail to the general public, but this provision shall not prevent the prompt delivery of special delivery mail."

Under this law the local postoffice will close the general delivery window and lock boxes and discontinue all deliveries on Sundays, except special delivery mail, and a sufficient force will be on duty to handle this mail matter promptly.

It is the desire of the postal department to reduce Sunday work to the minimum so that as many employes as possible may enjoy a complete day of rest on Sunday, and the instructions received by Postmaster Price say: "You should, therefore, require only a sufficient number of clerks to report for duty on that day in order that transit mail and the mail collected for dispatch may be handled without delay.

NORTH-END HOLD-UP MEN CAUGHT IN SAN FRANCISCO

Identified as one of the four men who robbed the seven inmates of a ranch house on the Bo Company's ranch near Holy Cross cemetery, August 14th, Ralph Basila, son of a Stockton street, San Francisco saloon man, has been brought to th county jail and charged with robbery. John Panatela, one of the victims of the bandits, identified Basila.

Basila and George Thompson, a former convict, were arrested Saturday night by Policeman Michael Cullinane. Panatela, however, was unable to say whether or not Thompson was one of the robbers.

Six men and one woman were aroused from their beds early on the morning of August 14th by the men, who posed as policemen, and who said they were looking for a murderer. The occupants of the ranch house were handcuffed together and the house was ransacked, $250 and several hundred dollars worth of jewelry being stolen.

THE DEVELOPMENT ASSOCIATION

EASTERN STAR CHAPTER CELEBRATES ANNIVERSARY

By far the most notable,—though by no means the only.—social affair of the present term of Sequoia Chapter, Order of the Eastern Star, was the reception and entertainment given on Monday evening in honor of the tenth anniversary of the institution of the Chapter. In order to provide ample accommodation for the entertainment of the guests, the large auditorium of the Alhambra was secured for the occasion, and this proved none too large for the purpose, something more than 250 members of the Masonic Fraternity and their friends joining in the festivities.

At the hands of a committee, working under the direction of E. B. Fox, the large hall had been handsomely decorated with floral pieces and electric lights in the emblematic colors of the Order, while suspended over the center of the stage was a large emblamatic floral star. Occupying one corner of the room was a nicely decora ted booth, where the guests were served with welcome libations of punch under the direction of Mr. and Mrs. W. K. Fletcher.

Throughout the affair was distinctly informal, the evening being devoted to dancing, interseperced with a splended program of songs and recitations. The numbers of the program, each of which was a gem, were as fellows: Solo, Otis M. Carrington; solo Mrs D. M. Crabtree; solo, Miss Katherine Wolfenden; solo, Miss Virginia Ware; recitation, J. W. Roller; solo, Miss Virginia Ware; select reading Miss Luella Behrens; solo, Miss Virginia Ware: recitation, J. W. Roller. While all of these were good each were greeted with a well merited encore, the especially attractive numbers were the singing of Miss Virginia Ware and Mrs. Crabtree, both of whom were in excellent voice, Miss Ware especially being compelled to respond to repeated encores. Always amusing, Mr. Roller kept his hearers convulsed with his entertaining impersonations.

Before the guests departed for their homes they were served with light refreshments, consisting of dainty cakes and ice cream. In recognition of the emblematic anniversary, the ice cream was served in tin plates with tiny spoons of the same metal, and these the gusts were invited to retain as souveners of the occasion. Much of the pleasure of the evening was due to the attentive care of the Wortay Matron and Worthy Patron of Sequoia Chapter, Mr. and Mrs. J. Ellis Ensor, who during their official term have been active in providing social entertainment for the members of the organization.

Relic of Pioneer Days.

L. C. Beardsley, the machinist has an interesting relic of the early-day bicycles in his shop at 31 Broadway. It is a three-wheeled vehicle, made 35 or more years ago by the late S. N. Murch who was an expert wheelwright. The large front wheel is provided with pedalls, made of wood, and the seat is also of wood, neatly carved. Compared with the present day wheels it is a rather crude contrivance, although in earlier days it must have been looked upon as a triumph in the mechanical line. It is a good illustration of the evolution of the bicycle.

Mrs. Phelps Wins Lawsuit.

The Supreme Court rendered a decision yesterday confirming the Superior Court of this county in the suit of George Witter against Mrs. T. G. Phelps in which case a verdict has been given in favor of Mrs. Phelps. The suit was tried in the Superior Court several months ago, Witter claiming $100,000 damages from Mrs. Phelps on account of some disagreement regarding the North Liberty mine formerly owned by T. G. Phelps. In addition Witter asked for attorneys' fees in the sum of $5500. Ross and Ross represented Mrs. Phelps.

RESULT OF PRIMARY ELECTION CONTESTS

Official Figures Compiled From Canvass Made by Board of Supervisors.

The primary election on Tuesday called out about half of the registered vote of the county, thus showing that not much interest was manifested in the primaries. The registered vote of the county was 8333. Of these the democrats polled 1536, the republicans 2512 and socialists 162. E. A. Hayes defeated R. M. Clark; the bull moose candidate for congress by 640 votes. Albert Mansfield beat J. J. Leonard in the county for the state senate by 299 votes, but this lead was overcome by Leonard in Santa Cruz county by 334 and in San Benito by 25, giving the latter a clear majority of 60 votes. H. W. Brown wins handily for the assembly by defeating Lamb by almost four to one. H. C. Rodgers will be the republican standard bearer of the republican party for supervisor of the first township while his democratic opponent will be James T. Casey. J. M. Francis had no opposition in the fourth township for supervisor. John MacBain won the republican nomination in the third township by a large majority and McEvoy defeated W. J. Murray by the small margin of 22 votes for the democratic nomination. The following is the official returns of the election as canvassed by the board of supervisors yesterday:

St Peter's Church Services.

The services at St. Peter's Church last Sunday morning, which attracted a goodly congregation, were especially interesting. The music was an especial feature of the service, with Mrs. Witter presiding at the organ, and included a duet by Mrs. Crabtree and Miss Kittie Crowe, which was well rendered. Taking for his subject "What shall I do to Inherit Eternal Life," Rev. D. M. Crabtree, the rector paid a glowing tribute to the life of the late Bishop Grafton.

The services for Sunday will be as follows: Holy Eucharist, 7:30 a. m.; Matins and sermon, 11 a. m.; Vespers and address, 8 p. m. Sunday school meets in the morning at 10 o'clock and the League of St. John in the eveningat 7.

Write to Heald's San Jose Business College for their new prospectus.

LOCAL NEWS OF MENLO PARK

Death Calls Prominent Resident.

William Cluff, pioneer merchant of San Francisco and founder of the William Cluff Company, wholesale grocers, died at his country home here at 1 p. m. Tuesday after a lingering illness. About two weeks ago he returned from Europe, whither he had gone seeking relief from an ailment of the liver, having retired from business more than a year ago on this account, but the treatment abroad was ineffectual to stop the ravage of his disease.

Cluff, who was 56 years of age and a native of Ireland, was one of the foremost fraternal men in this state, holding high rank in Masonic and other circles. He was a member of Excelsior lodge, F & A. M.; of San Francisco chapter, R. A. M.; Golden Gate commandery, Knights Templar, and of Isma temple, Nobles of the Mystic Shrine.

He is survived by a brother, John Cluff, living in Ireland; by his widow, Mrs. California Cluff and by four daughters, all of whom are prominent in San Francisco society. They are Mrs. Maude Downey of Menlo Park, Mrs. J. C.S Wilson, Mrs. John Bruner and Mrs. Edwin Janss of Los Angeles. The family make their home at the Fairmont during the winter, spending the summers at their country place in Menlo Park.

Items of Personal Mention.

The Moultons and Merrills are at Seabright to remain two weeks.

The Albert Ehrmans have closed their Atherton home and have gone to San Francisco for the remainder of the season.

Mrs. Thomas Fitzgerald and her sister, Miss Nellie McCarthy, are at Skaggs Springs enjoying a vacation of two weeks.

Menlo Park News Notes.

St. Patrick's Seminary will open on September 11th with a large freshman class.

Petitions are being prepared for presentation to the post office department at Washington for the establishment of a post office at Ravenswood.

The parochial school opened Monday with an increased attendance. The school is doing good work, and this year the institution will be taxed to its full capacity.

Edwin Walsh, Ray Kelly, E. Gale and William McDonald leave today for Monterey to attend the golf tournament to act as cadies for the leading contestants. The Atherton four hundred will take a prominent part in the tuornament.

The big vote received by E. J. Crane, canddiate for the assembly, is highly complimentary to him and demonstrates his popularity. Considering that he had only a few days to make the canvass and that his name had to be written in on the ballot he did extremely well. Mr. Crane became a candidate in order to participate in the cnvention to be held at Sacramento on September 24 and to select the proper electors for the Wilson ticket.

The election on Tuesday passed off quietly. There was no excitement, the voters quietly going to the polls and casting their ballots for the men of their choice. There was about two thirds of the registered vote cast. The run made by J. H. Leonard was the surprise of the election. There is no doubt the heavy vote given him in Menlo Park nominated him. The handsome vote given John MacBain for supervisor speaks well for his success in November.

Peter Lindt, a pressman employed in the printing department of The Times Publishing Company at Palo Alto, was run down and seriously injured by a swift-moving automobile on the main county road at Atherton, Monday afternoon. He was taken to his home in Palo Alto suffering from a badly crushed side, bruised legs and severe contusions of the face and body. Lindt and a companion were riding bicycles along the right side of the highway when they met an automobile. Becoming confused Lindt crossed over to the left side of the road while the automobile turned in the same direction. The machine and bicycle collided and Lindt was thrown a distance of fifteen feet. His wheel was demolished. The injured man was at once removed to Palo Alto and a physician called in to attend him. His injuries are not serious. The number of the car was taken.

C. H. Wideman, through his attorney, H. E. Styles, applied for a permit to conduct a hog ranch on the Coburn ranch in the Fifth township, near Pigeon Point. The application will be regularly heard at the next meeting.

Supervisor Blackburn was autorized to employ a motorcycle officer in his township on Saturday and Sunday of each week.

The surveyor was directed to make measurements of the water in the Bear Gulch reservoir to ascertain whether or not the supply had materially decreased during the month. This action is necessary to determine whether there is sufficient water in the lake to permit Mr. McEvoy to draw from it for road sprinkling purposes.

A. A. Robinson was given a contract to paint and repair the roof of the county jail at a cost of $60.

A copy of the verdict of the coroner's jury in the inquest into the death of Mary Fenricks, who lost her life in an automobile accident on the Halfmoon Bay grade on August 18th was received and ordered filed. TAX RATE OF CITY WILL BE REDUCED

Council Will Give Rate-Payers Benefit of Big Reduction for Next Fiscal Year.

Taxpayers of Redwood City are to get the advantage of a material reduction in their municipal tax rate for the coming fiscal year, in fact the rate is to be reduced by 10 per cent from that of the present year. While the rate has not yet beed officially fixed, this was practically determined at the meeting of the city council on Wednesday evening, when much of the time of the trustees was devoted to determining the budget of the city's annual expenses. Based upon the amount of the funds found to be absolutely necessary to conduct the business of the city and continue the public improvements absolutely required, the rate of the city tax will be $1.58 on the $100. Of this tax, 82 cents is automatically fixed by law as necessary to meet interests and payments on the principal of the various bond issues, while 8½ c

MRS. G. E. FRISBIE MAY BE HEAD OF THE W. R. C.

When the National Grand Army Encampment convenes at Los Angeles next Monday among its most enthusiastic members will be this city's delegates, twenty or more, who go to the southern city to rally to the support of Mrs. Geraldine E. Frisbie for national Commander of the Women's Relief Corps, she having been endorsed by Department of California and Nevada.

Mrs. Frisbie is a pioneer of San Mateo county and one of the best-known women of this community. She is a charter member of Gen. George S. Evans Corps, having been one of its organizers and also its first president. In the quarter of a century that has elapsed since that time her splendid executive ability, her brilliant mind and winning personality have made her a national figure in the work of the Relief Corps

Among the offices she has held are those of national senior vice president, the vice president of the national council of women, national inspector, president and senior vice president of the department, department inspector and press corresponent, president of the W. R. C. home and chairman of the executive board.

At the national convention held at Rochester a year ago Mrs. Frisbie was a candidate for the highest office and was defeated by but sixteen votes. At this time she seems to be the logical candidate and her friends will leave no step unturned to give California the honor of claiming the next national president.

Will Still Live in the Pictures.

Patrons of the Bell Theatre have often seen in the moving pictures a pretty and clever young lady who was known as Vedah Bertram. This young lady whose true name was Adele Buck had posed in many of the scenes, photographed at Niles, and shown in the moving pictures throughout the country. Her sad death, following an operation for appendicitis, occurred at Oakland last week. Miss Buck's family in Boston was opposed to her adopting the career of an actress and she left her home and came to California and assumed the name of Vedah Bertham. She was a college graduate and the daughter of wealthy parents.

If it's a surface to be painted, enameled, stained, varnished or finished in any way, there's an Acme Quality Kind to fit the purpose.

5 Strong Reasons for Fall Painting

1. The wood is thoroughly dry.
Summer's sun has removed all moisture.
2. Paint penetrates deeper into dry wood.
The deeper it goes the better it holds.
3. Fall weather is warm, dry and dependable.
Little danger of cold, damp, rainy days, which endanger the durability of the paint.
4. Wet weather decays and destroys unprotected surfaces.
Lack of paint means unsightly and less valuable property.
5. Fall painting keeps out winter moisture.
The greatest enemy to the life and beauty of all structures.
